DETAILED ACTION

1. This Office Action is a response to communications dated 06/08/07. Claims 1-15 are pending in the application.

Allowable Subject Matter

2. Claims 1-15 are allowed.
3. The following is an examiner's statement of reasons for allowance: The prior art of record, considered individually or in combination, fails to fairly show or suggest the claimed invention comprising, among other limitations, novel and unobvious limitations of *"maintaining by each station: a current transmit state set indicating by the agreed-upon flags the current capabilities and status flags for that station, a recent timer expiration set indicating by the agreed-upon flags the capabilities and announced status flags for that station as they were at a most recent expiration of the periodic timing, a previous timer expiration set indicating by the agreed-upon flags the capabilities and status for that station as they were at a penultimate expiration of the periodic timing, a current transmit received set indicating by the agreed-upon flags a logical union of all copies of the current transmit flag set received in frames from other stations, and a previous received set indicating by the agreed-upon flags the current transmit received set at the most recent expiration of its timer,"* structurally and functionally interconnected with other limitations in a manner as recited in claims 1-15.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably
